- English
- Sinhala

PROFILE

I am an undergraduate at NIBM. I am passionate about crafting elegant and efficient solutions to complex problems. My journey in the world of software development began during my academic pursuits, and it has since evolved into a dynamic experience that has allowed me to apply and expand my knowledge through my experiences with working on some of the projects listed below.

EXPERIENCE

Ministry of Health Sri Lanka   2024 JAN -2024 SEP

Software Engineer Intern

- Design, develop, and maintain robust, scalable J2EE web applications using Java technologies(java server faces , xhtml).
- Write clean, efficient, and maintainable code, following best practices for coding standards, testing, and deployment.
- Collaborate with cross-functional teams to deliver high-quality software solutions

EDUCATION

Higher National Diploma in Software Engineering   2023 -2024
